Sunshine Pickleball Committee

Members: Kathi Fleming, Catherine Milbrandt & Cathy Taylor

Hello Pickleball Members,

The **Sunshine Pickleball Committee** would like to introduce all of you to this newly formed committee.

The purpose of this 'Committee' is to communicate to the membership any significant event that involves one of our members or their significant other. Our Club would like to show support to those members with well wishes and neighborly thoughts. Such events may include an illness, injury or death.

Here's how the **Sunshine Pickleball Committee** will work:

1. If any member becomes aware of a significant event with a fellow Pickleball player or their significant other, the member can email that person's name and email address, if known, to the Sunshine Pickleball Committee's email address.
2. The 'Committee' will contact that person or family contact for permission to notify the membership of the event, so cards or thoughts can be sent. We will respect everyone's right to privacy, and will only notify the membership if granted permission to do so.
3. The 'Committee' will send an email card to the affected person on behalf of the Pickleball Club.
4. The 'Committee' reserves the right to screen all submissions for appropriateness.
5. The 'Committee' will not disclose any personal information, other than what the person/family contact allows.
6. The 'Committee' is not to be contacted for additional personal information.

Here's how to notify the **Sunshine Pickleball Committee**:

1. Email the affected person's name & email address, if known, to the official Sunshine Pickleball email address at:

sunshinepickleballcommittee@gmail.com

Thank you,

Sunshine Pickleball Committee
